

Sinhgad Technical Education Society's
Sou. VenutaiChavan Polytechnic, Vadagaon (bk), Pune.
Computer Technology Department

Title of Project			
Is it a (new concept) / (Modification) / (duplication)? Please tick			
Can it be totally manufactured in India?			Yes / No
What is the cost of a single model?			Rs.
How much capital will be required?			Rs
Describe your project regarding following points			
Efficiency:			
Possibility of creating employment			
Energy conservation:			
Trouble shoots:			

SYNOPSIS OF PROJECT

1. Title (Representing basic engineering principle or working of the model)

2. Working Principle

3. Application of the model & Advantage over existing versions of the model.

4. Important design aspects.

5. Justify your entry in Project Competition.

ABSTRACT

Title of the Project:
